VEYRA GLOBAL TECHNOLOGIES

Equipment request checklist

Tell us what you need so we can source equipment options and quotations. Complete these two general pages, then the relevant equipment sheet if you have more detail. Write Not sure wherever you need help.

Your details

Business or organisation

Project or enquiry reference

Contact name

Phone

Email

Date

You are the ☐ Buyer ☐ End user ☐ Both ☐ Other

Equipment required

Tick all equipment types you need

☐ Excavator ☐ Crane ☐ Forklift
☐ Skid steer or Bobcat type ☐ Front end loader ☐ Ute
☐ Truck ☐ Prime mover ☐ Trailer
☐ Water cart ☐ Grader ☐ Tooling and workshop equipment

Other requirements ☐ Matched prime mover and trailer ☐ Other equipment

Other equipment or quantity summary

Supply preference

How would you like to obtain it ☐ Hire ☐ Buy ☐ Long-term lease

All equipment is supplied machine only. Operators and drivers are not included.

Condition ☐ New ☐ Used ☐ Either

Preferred make or model

Oldest year and maximum hours or km if used

Equivalent makes or models acceptable ☐ Yes ☐ No ☐ Discuss with me

What job will the equipment do and what materials will it handle

Budget and delivery

Complete the details you know. For multiple machines, show any different budgets, quantities, required dates or hire and lease terms on their equipment sheets.

Customer or enquiry reference

Total number of units required

Budget and timing

Budget amount or range

Currency

Budget basis ☐ Per unit ☐ Per day ☐ Per week ☐ Per month

GST or applicable tax ☐ Included ☐ Excluded ☐ Not sure

Transport within budget ☐ Include delivery ☐ Price separately ☐ I will collect

Quotation needed by

Required start or delivery date

Hire or lease term in days weeks or months

Expected use in hours per day or week

Required date is ☐ Fixed ☐ Flexible ☐ As soon as available

Delivery and working conditions

Delivery or collection location including suburb postcode state and country

Work environment access limits ground conditions and unloading needs

Must have features attachments and site requirements

Preferred extras or items to quote separately

Please include

☐ Warranty ☐ Service records ☐ Independent inspection
☐ Local servicing ☐ Spare parts ☐ Training or handover

Attached if available

☐ Photos ☐ Specifications or drawings
☐ Site requirements ☐ Existing equipment details

This form requests equipment options and quotations. Any purchase, hire or long-term lease will be confirmed separately. Return the completed pages to your VEYRA contact.

Excavator requirements

Complete one sheet for each different specification. Identical units can share a sheet. State units with all measurements. Write Not sure wherever you need help.

Customer or enquiry reference

Quantity required

Preferred make or model if any

Budget required date or term if different

Selection help ☐ I know my requirements ☐ Please recommend a suitable option

Machine size or operating weight in tonnes if known

Running gear ☐ Rubber tracks ☐ Steel tracks ☐ Wheeled ☐ Please recommend

Required digging depth in metres

Required reach in metres

Maximum access width height and any restricted swing space

Buckets and attachments

☐ Digging bucket ☐ Mud bucket ☐ Auger ☐ Breaker
☐ Grab ☐ Tilt attachment ☐ Quick hitch ☐ Other

Attachment sizes or other attachments required

Existing hitch or attachment details to match including hydraulic needs if known

Anything else important for this equipment

Crane requirements

Complete one sheet for each different specification. Identical units can share a sheet. State units with all measurements. Write Not sure wherever you need help.

Customer or enquiry reference

Quantity required

Preferred make or model if any

Budget required date or term if different

Selection help ☐ I know my requirements ☐ Please recommend a suitable option

Crane type

☐ Pick and carry ☐ All terrain ☐ Crawler

☐ Tower ☐ Vehicle mounted ☐ Please recommend

Heaviest load in kg or tonnes state units

Load dimensions in metres

Working radius for that load in metres

Required hook height for that load in metres

Other critical lifts with load weight radius and height for each lift

Pick up and placement locations and available crane setup space

Access ground conditions and overhead or nearby obstructions

Lifting accessories or attachments to include in the quote

Please attach a site sketch, load details or lift information if available. Record weight, radius and height together for each lift.

Anything else important for this equipment

Forklift requirements

Complete one sheet for each different specification. Identical units can share a sheet. State units with all measurements. Write Not sure wherever you need help.

Customer or enquiry reference

Quantity required

Preferred make or model if any

Budget required date or term if different

Selection help ☐ I know my requirements ☐ Please recommend a suitable option

Maximum load weight in kg

Typical load length width and height in mm

Required lift height in metres

Load centre in mm if known

Working area ☐ Indoors ☐ Outdoors ☐ Both

Ground or floor surface and preferred forklift type if known

Power preference ☐ Electric ☐ LPG ☐ Diesel ☐ Please recommend

Lowest doorway or overhead height in mm

Narrowest aisle or access width in mm

Fork length and attachments such as side shift fork positioner or rotator

For electric equipment battery charger and available power details

Anything else important for this equipment

Skid steer and compact track loader

Complete one sheet for each different specification. Identical units can share a sheet. State units with all measurements. Write Not sure wherever you need help.

Customer or enquiry reference

Quantity required

Preferred make or model if any

Budget required date or term if different

Selection help ☐ I know my requirements ☐ Please recommend a suitable option

Machine type ☐ Wheeled skid steer ☐ Compact track loader ☐ Please recommend

Main tasks and material to be handled

Required lifting or carrying capacity in kg if known

Maximum machine width and height in mm

Transport weight limit in kg if any

Attachments

☐ Bucket ☐ Four in one bucket ☐ Pallet forks ☐ Auger
☐ Broom ☐ Trencher ☐ Grapple ☐ Other

Attachment sizes and existing mounting or hydraulic details to match

Ground conditions and tyre or track preferences

Bobcat is welcome as a preferred brand. Equivalent makes can be considered if you selected that option on the general enquiry.

Anything else important for this equipment

Front end loader requirements

Complete one sheet for each different specification. Identical units can share a sheet. State units with all measurements. Write Not sure wherever you need help.

Customer or enquiry reference

Quantity required

Preferred make or model if any

Budget required date or term if different

Selection help ☐ I know my requirements ☐ Please recommend a suitable option

Main work and material to be handled

Preferred machine size or operating weight in tonnes if known

Bucket volume in cubic metres if known

Required load weight in kg or tonnes

Required dump height and receiving truck hopper or stockpile details

Machine type ☐ Wheeled ☐ Tracked ☐ Please recommend

Attachments

☐ General bucket ☐ Specialised bucket ☐ Pallet forks

☐ Grapple ☐ Quick hitch ☐ Other

Ground conditions and access turning space or transport limits

Anything else important for this equipment

Ute requirements

Complete one sheet for each different specification. Identical units can share a sheet. State units with all measurements. Write Not sure wherever you need help.

Customer or enquiry reference

Quantity required

Preferred make or model if any

Budget required date or term if different

Selection help ☐ I know my requirements ☐ Please recommend a suitable option

Cab type ☐ Single cab ☐ Extra cab ☐ Dual cab ☐ Please recommend

Number of seats required

Drive preference two wheel or four wheel

Body ☐ Tub ☐ Tray ☐ Canopy ☐ Service body ☐ Please recommend

Body dimensions and expected carried load including people tools and accessories

If towing trailer type expected loaded trailer weight and coupling details

Fuel preference

Transmission preference

Accessories

☐ Towbar ☐ Toolboxes ☐ Roof racks ☐ Winch
☐ Bullbar ☐ Lighting ☐ Canopy fit out ☐ Other

Fleet specification site equipment or other accessories required

Anything else important for this equipment

Truck requirements

Complete one sheet for each different specification. Identical units can share a sheet. State units with all measurements. Write Not sure wherever you need help.

Customer or enquiry reference

Quantity required

Preferred make or model if any

Budget required date or term if different

Selection help ☐ I know my requirements ☐ Please recommend a suitable option

Body type

☐ Flat tray ☐ Tipper ☐ Tilt tray ☐ Service body
☐ Refrigerated ☐ Box body ☐ Hook lift ☐ Other

Required payload in kg or tonnes

Typical load dimensions in metres

Body or deck length width and height required

Axle configuration or vehicle class if known

Cab seating and transmission preferences

Road or site use and access or turning space restrictions

Towing requirement and trailer or coupling details

Equipment

☐ Tail lift ☐ Crane ☐ PTO or hydraulics
☐ Winch ☐ Toolboxes ☐ Other

Equipment sizes capacities and any fleet or site specification

Anything else important for this equipment

Prime mover requirements

Complete one sheet for each different specification. Identical units can share a sheet. State units with all measurements. Write Not sure wherever you need help.

Customer or enquiry reference

Quantity required

Preferred make or model if any

Budget required date or term if different

Selection help ☐ I know my requirements ☐ Please recommend a suitable option

Supply required ☐ Prime mover only ☐ Matched prime mover and trailer package

Trailer type or combination and existing trailer details if applicable

Typical load and required combination capacity if known state kg or tonnes

Axle configuration preferred

Power and transmission preference if any

Cab ☐ Day cab ☐ Sleeper cab ☐ Please recommend

Coupling height and trailer brake electrical or other connections to match

PTO hydraulics accessories or fleet specification required

Intended routes site conditions and access restrictions

For a matched package, complete a trailer sheet as well.

Anything else important for this equipment

Trailer requirements

Complete one sheet for each different specification. Identical units can share a sheet. State units with all measurements. Write Not sure wherever you need help.

Customer or enquiry reference

Quantity required

Preferred make or model if any

Budget required date or term if different

Selection help ☐ I know my requirements ☐ Please recommend a suitable option

Trailer type

☐ Flat top ☐ Drop deck ☐ Low loader ☐ Tipper
☐ Enclosed ☐ Refrigerated ☐ Equipment trailer ☐ Other

Required payload in kg or tonnes

Typical load dimensions in metres

Deck or internal length width height and loading height required

Towing vehicle details and coupling brake or electrical connections to match

Axle configuration or total mass rating sought if known state units

Loading arrangements

☐ Ramps ☐ Tilt deck ☐ Winch
☐ Side access ☐ Forklift access ☐ Other

Fittings such as twist locks tie down points headboard toolboxes or spare wheels

Road or site use operating locations and any access restrictions

Anything else important for this equipment

Water cart requirements

Complete one sheet for each different specification. Identical units can share a sheet. State units with all measurements. Write Not sure wherever you need help.

Customer or enquiry reference

Quantity required

Preferred make or model if any

Budget required date or term if different

Selection help ☐ I know my requirements ☐ Please recommend a suitable option

Configuration

☐ Truck mounted ☐ Trailer mounted ☐ Articulated or off road
☐ Tank or module only ☐ Please recommend

Required tank capacity in litres

Water use

☐ Dust suppression ☐ General supply ☐ Drinking water
☐ Firefighting support ☐ Other

Spray equipment

☐ Front sprays ☐ Rear sprays ☐ Side sprays
☐ Cannon ☐ Hose reel ☐ Other

Pump preference and required flow or pressure if known state units

Filling source hoses and connection sizes required

Road or site use terrain and existing vehicle details for tank or module supply

Anything else important for this equipment

Grader requirements

Complete one sheet for each different specification. Identical units can share a sheet. State units with all measurements. Write Not sure wherever you need help.

Customer or enquiry reference

Quantity required

Preferred make or model if any

Budget required date or term if different

Selection help ☐ I know my requirements ☐ Please recommend a suitable option

Main work ☐ Road maintenance ☐ Civil construction ☐ Final trimming ☐ Other

Preferred machine size operating weight or power if known state units

Required blade width in metres

Attachments ☐ Rear ripper ☐ Scarifier ☐ Front blade ☐ Other ☐ Please recommend

Grade control ☐ Not required ☐ Required ☐ Please recommend

Grade control system and existing equipment compatibility if applicable

Ground conditions and tyre or traction preferences

Access transport and site specification requirements

Anything else important for this equipment

Tooling and workshop equipment

Complete one sheet for each different specification. Identical units can share a sheet. State units with all measurements. Write Not sure wherever you need help.

Customer or enquiry reference

Quantity required

Preferred make or model if any

Budget required date or term if different

Selection help ☐ I know my requirements ☐ Please recommend a suitable option

Tool or equipment type and quantity or attach an item list

Task and material to be worked on

Required size working range torque or capacity if known state units

Power

☐ Hand operated ☐ Battery ☐ Mains
☐ Pneumatic ☐ Hydraulic ☐ Engine powered

Existing battery platform power supply or other compatibility requirements

Package ☐ Bare tool ☐ Complete kit ☐ Please recommend

Accessories required including batteries chargers sockets leads or consumables

Site or workshop use and any calibration test or other documentation required

For multiple tools, attach a list showing item, task, size or capacity, power or compatibility, quantity and accessories.
